Subject : Feedback on the Campus Recruitment Drive.

Dear Sir,

Thank you very much for having invited us for the Campus Drive at your college campus as well as for excellent arrangements made for us when we conducted the Campus Drive.

In particular, we would like to appreciate the performance of the candidates selected through this drive. They all are performing well as per requirements and expectations.

Thank you once again for the campus drive and we hope to participate in this campus placement at your college again.

Regards,

*R. B. Lakhoti*

Subject: Feedback regarding the students recruited as summer trainee during June-July-2019.

Sir,

We thank you for giving us the opportunity for being associated with your organization for the summer trainee recruitment process.

We had selected few students from your MBA department as summer trainees and assigned different projects to them.

We would like to share our feedback regarding the performance and behavior of your students.

1. The trainees were punctual, sincere and disciplined during the training period.
2. The learning approach is good and they were enthusiastic and curious about the projects.
3. Most of them completed their work in time and we were satisfied with their performance.

Below are our sincere suggestions, if you can implement:

- a) More input should be given to students during their academics on the topics of soft skills and presentations skills.
- b) Short live projects should be arranged for students in association with industries to give the students a chance to experience the practical real life scenarios.
- c) Analysis of skill requirement of the industry can be done and desired skill development programs can be conducted.

Overall we were satisfied with the performance of the students and we look forward to be associated with your organization in future.
