### ***About Project Naandi :***

Naandi Foundation, a Public Charitable Trust, was founded with the objective of working in India to make poverty history. Naandi was born out of the idea of creating a professionally run organization managed by eminent business leaders like Anand Mahindra (Chairman, Mahindra Group), Kris Gopala Krishnan (Co-founder & former CEO, Infosys), Dr. Reddy Laboratories (Chairman, Reddy Laboratories) and Rajendra Prasad Maganti (Chairman, Soma Enterprises Ltd) as Trustees among others. Life skills courses are being conducted in a very big scale by the Naandi Foundation for the holistic development of students in different states of the country. The program follows a learner-centric/experiential/blended learning model.

### ***Digital Equalizer for Girls (DEFG) – 30 Hours***

The Digital Equaliser for Girls (DEFG) is a 30 Hours Digital and Life Skills programme for FIRST YEAR UNDER GRADUATE Girls. The objective of the programme is laying the foundation for the future of the students as well as for creating opportunities for higher education and employment, in equal measure. In order to equip students with twenty-first-century skills, our program provides training in critical thinking abilities, problem solving, collaboration, creativity, etc. rather than just providing information.
