MAHARASHTRA STUDENT INNOVATION CHALLENGE

INNOVATION: ANTI - OVERTAKE SYSTEM AND UPPER - DIPPER

PRESENTED BY :- PRAJWAL M. RAKHADE

कौशल्य, रोजगार, उद्योजकता व नाविन्यता विभाग, महाराष्ट्र शासन

ANTI - OVERTAKE SYSTEM AND UPPER - DIPPER SYSTEM

- 1. Due to the increasing number of accidents in our country, I came up with this idea.**
- 2. In our country, 1.5 lakh people have died due to road accidents in 2021.**
- 3) Our Transport Minister Shri Nitinji Gadkari is trying very tirelessly to reduce road accidents... a lot of good roads have been constructed...**
- 4) We have installed a camera in the front and a screen in the back of this truck...**

5) On highways, usually we see a big heavily loaded trucks, because of that we cannot see the way ahead and when we try to overtake, an accident may occur.

6) In this truck, we will be able to see the road ahead in the rear screen and from that we can decide whether to overtake or not.

7) At the same time, we will install upper dipper sensor in the front of the truck, because of that, the upper and dipper of the vehicle ahead will be activated, because of that, we can avoid the accidents that happens due to light falling on each other.

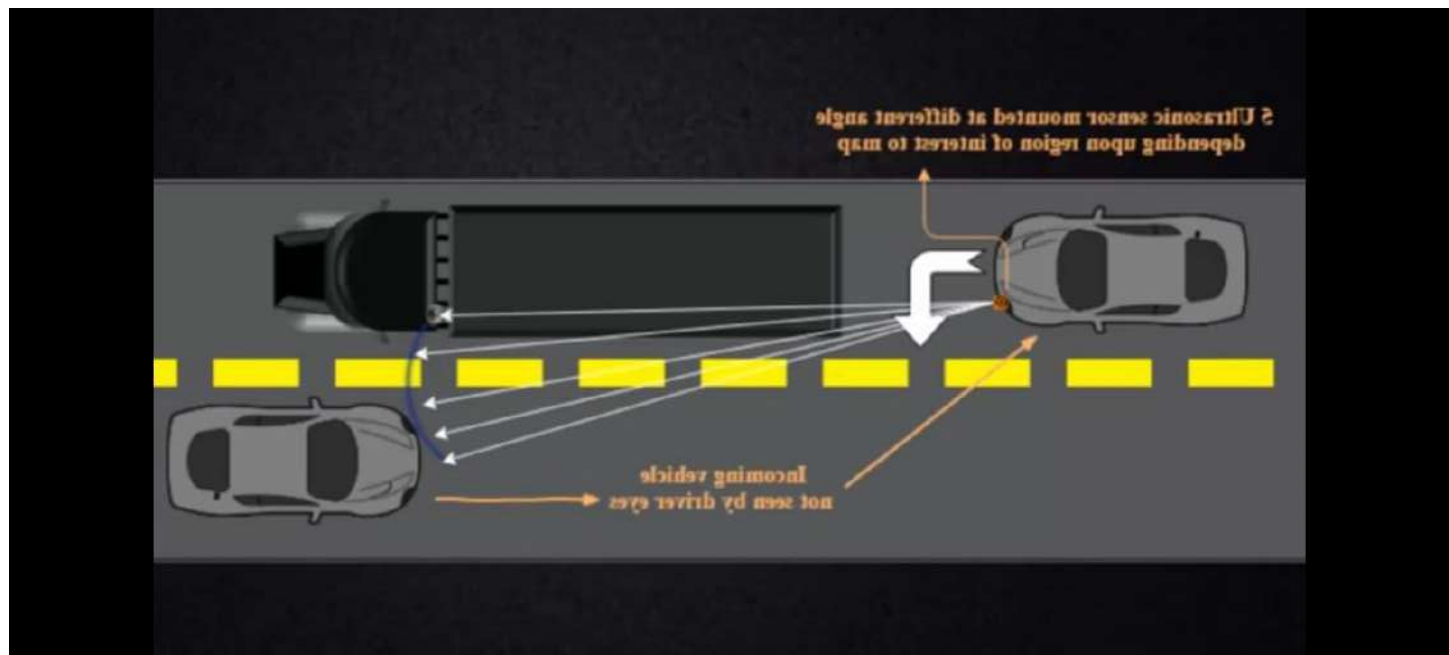

8) We can file and sale the patent of this invention to a big company... and the company may install this model in their trucks.

9) Installation of this model may reduce the rate of road accidents.

How does it works.....

About the Seminar

The Seminar aims at creating awareness about Intellectual Property Rights (IPR) amongst the Staff and Students so that they may take action to secure their ideas and innovations. Intellectual Property Rights help in recording the unique contribution made by an individual with his idea/design/process. It ensures that the creator has an exclusive right over the use of his/her creation for a certain period of time. In an age when every single idea could be a million-dollar proposition, it is very important that all faculty members and students are aware of the different aspects of the IPR.

Date: 15th - 16th February 2023

A mega Health and Technology exhibition - KUTUHAL - was organised by Vigyan Bharati and the Internal Quality Assurance Cell of J. M. Patel College, Bhandara. The two-day expo saw 52 organisations including AIIMS, Nagpur, Indira Gandhi Medical College (IGMC), Govt Dental College, Mahindra & Mahindra, Ashok Leyland, setting up their stalls and answering the questions of the school children. The Exhibition was inaugurated by Dr. Sanjay Mulkalwar, Station Director, Tarapur Atomic Power Plant in the presence of Shri Vivekananda Pai, National Secretary, Vigyan Bharati (VIBHA), and Principal Dr. Vikas Dhomne. In his inaugural address, Dr. Mulkalwar called Science the greatest blessing to humanity. He also commended Indian scientists for their pioneering work in different fields, especially nuclear science. Speaking on the occasion Vivekananda Pai called upon the teachers and the students to feel proud about ancient Indian knowledge systems. It is very important that we as Indians explore, document and preserve our traditional knowledge. He stressed on the importance of teaching science in Indian languages. Dr. Vikas Dhomne highlighted the need for institutions to prepare for the changes being ushered in by the new National Education Policy and focus on explaining concepts rather than asking students to learn by rote. Ranjana Darwatkar, Principal of Jaycees Convent, delivered the vote-of-thanks.

The stalls of Deolapar Govigyan Kendra and IGMC attracted the attention of the school children and general public. The kids were excited to see and feel the real human organs. The demonstration of life saving Cardio Pulmonary Resuscitation (CPR) by the IGMC Associate Professors Dr. Sheetal Dalal, Dr. Sonali Khobragade, Dr. Leena Ingale, Dr. Yogita

लोकमत न्यूज नेटवर्क

भंडारा : राष्ट्रसंत तुकडोजी महाराज नागपूर विद्यापीठ नागपूर यांच्या अंतर्गत आविष्कार २०२३-२४ निवड चाचणी भंडारा व गोंदिया जिल्ह्यासाठी २० डिसेंबर रोजी जे.एम. पटेल महाविद्यालय, भंडारा येथे घेण्यात आली.

निवड चाचणीच्या उद्घाटनप्रसंगी प्रास्ताविक विद्यार्थी विकास विभागाचे संचालक डॉ. मंगेश पाठक यांनी या आविष्कार उपक्रमाचे उद्दिष्ट सांगितले. विद्यार्थ्यांनी नावीन्यता शोधण्याची गरज आहे. संशोधनाची पहिली पायरी नावीन्यताच आहे, हे उपस्थित विद्यार्थ्यांना पटवून दिले.

उद्घाटक म्हणून लाभलेले डॉ. संजय ढोबले, एखादा व्यक्ती आपलं डोकं उलट चालवतो आणि जुगाडू काम करत असतो. तेव्हा तोच आविष्कार असतो. विद्यार्थ्यांनी सतत नवनवीन कल्पनात्मक विचार करून काहीतरी वेगळं करण्याचे कार्य करत राहिले पाहिजे.

आपल्या ज्ञानाचा वापर करायला शिकले पाहिजे. तेव्हाच आविष्कारांची

मार्गदर्शन करताना डॉ. मंगेश पाठक उपस्थित डॉ. संजय ढोबले व अन्य.

निर्मिती होत असते. संशोधन आणि कल्पनात्मक दृष्टिकोन हे दोघेही एक दुसऱ्याला पूरक असतात. दोन्हीचा वापर करूनच नवनवीन आविष्काराची निर्मिती होत असते, असे प्रोत्साहनपर मार्गदर्शन त्यांनी विद्यार्थ्यांना केले.

प्राचार्य डॉ. विकास ढोमणे म्हणाले, जग डिजिटल टेक्नॉलॉजी व आर्टिफिशियल इंटेलिजन्सचे आहे. विद्यार्थ्यांनी स्मार्ट फोनचा उपयोग आपल्या इनोव्हेटिव्ह आयडियासाठी करायला पाहिजे.

विद्यार्थ्यांनी आता हटके विचार करण्याची गरज आहे, तेव्हाच तुमच्या आयुष्यात बदल घडेल.

संचालन डॉ. कार्तिक पनीकर व डॉ.

गिरधारीलाल तिवारी यांनी, तर आभार आविष्कारचे समन्वयक, डॉ.अपर्णा यादव यांनी मानले.

आविष्कारात भंडारा व गोंदिया जिल्ह्यातील विविध महाविद्यालयातील विद्यार्थ्यांनी मॉडेल व पोस्टर प्रस्तुत केले. परीक्षकांकडून यांचे योग्य परीक्षण करून त्यांना उत्कृष्ट क्रमांक देण्यात आले.

या आविष्काराचा लाभ मोठ्या संख्येने विविध शाळा-कॉलेजच्या विद्यार्थ्यांनी घेतला. कार्यक्रमासाठी डॉ. श्याम डफरे, डॉ. विनी ढोमणे, डॉ. पद्मावती राव, डॉ. उज्ज्वला वंजारी, डॉ. उमेश बनसोड, डॉ. रोमी बिष्ट आदींनी सहकार्य केले.

A Report –Wild Leafy Vegetables & Millets Food Products “Exhibition-cum-Sale”

National Nutrition Month Celebration - 2023

Date: 23.09.2023

Wild Leafy Vegetables & Millets Food Products “Exhibition-cum-Sale” was organized as a part of the National Nutrition Month Celebrations and Celebration of International Year of Millets on 23rd September 2023. The exhibition was aimed to create an awareness of the benefits of millet-based diet and to spread the information of wild leafy vegetables among staff and students of the college. The Exhibition was organized under the guidance of Principal Dr. Vikas Dhomne on 23rd September 2023. It was an IQAC supported initiative and organized jointly by the Department of Chemistry, Department of Microbiology, Department of Home-Economics and Department of Physical Education.

The organizing committee included Dr. Karthik Panicker (IQAC Co-ordinator), Dr. Shyam Dafare (Head, Department of Chemistry), Mr. Piyush Sangatsaheb (Head, Department of Microbiology), Dr. Vijaya Kannake (Head, Department of Home-Economics) and Dr. Bhimrao Pawar (Head, Department of Physical Education).

Students prepared and sold various delicious dishes of the Millets like Ragi laddoo, Jawar Bhakri, Jawar Chakli, Jawar Ambil, rajgira laddu, Millet pulao, Alu wadi, Sweet corn curry etc. Students also gave the information related to importance and occurrence of the wild leafy vegetables such as *Amaranthus spinosus* (Katemath), *Padina pavonica* (Pudina), *Cassia tora* (Tarota), *Boerhavia diffusa* (khaparkhuti), *Hibiscus sabdariffa* (Ambadi), *Dioscorea bulbifera* (Mataroo), *Colocasia esculenta* (Alu), *Holarrhena pubescens* (Kuda), *Moringa oleifera* (Shevga) etc. These wild leafy vegetables are found in the District and have been a part of the traditional food of the people of the region. Unfortunately, on account of changing lifestyle, these vegetables are not consumed by the people. Many of these vegetables have high nutrition value and have been traditionally used in different periods of the year to beat the seasonal disorders. This exhibition aimed at making especially the students aware about the immense value of these vegetables.

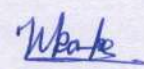

The visitors were acquainted with various health benefits of millets such as regulation of blood circulation, reduction of blood glucose levels, increase daily iron intake and manage diabetics. This Exhibition cum sale was helped to improve entrepreneurial skills of the students.

Brochure of the exhibition was circulated among the students on their class-wise WhatsApp groups. Total 40 students participated in the exhibition. Staff and students of the college visited the stalls in the exhibition and enjoyed the Millet dishes made by students and also gained the knowledge about the wild leafy vegetables.

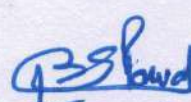

Dr.Vini Dhomne, Dr. Romi Bisht, Dr. Sangeeta Katre, Dr. Bhavna Rai, Dr. Pankaj Gour, Ms. Vaishali Lonkar & Mr. Suraj Nakhate worked for successful organization of the exhibition cum sale. Certificates were distributed to all the participating students.

**A Report on
ONE - DAY TRAINING PROGRAM**

**On
Agripreneurship
(Agriculture Entrepreneurship)**

Date: 16th March 2022

And

22nd April 2022

A One-Day Training Program on 'Agripreneurship' (Agriculture Entrepreneurship) was organised here jointly by Gondia Education Society's J. M. Patel College and Sub-Divisional Agriculture Office, Bhandara, on Wednesday, 16th March 2022 in the Pearl Chamber at 10.30 am. The programme was conducted under the initiative of Internal Quality Assurance Cell (IQAC), Innovation & Incubation Cell and DBT Star College Scheme.

Inaugurating the programme, Hon'ble Shri. Sandeep Kadam, District Collector, Bhandara, apprised the students how the start-ups created by youngster around the world have impacted our daily transactions. He exhorted the students to think of agriculture as an important career option. Ours is a Agrarian society and majority of the people in India are dependent on Agriculture. Our country will prosper only when there is the upliftment in the income and prosperity of people involved in Agriculture. In Bhandara, 70% people are related to Agriculture Sector, and so to boost the economy of these people he appealed to the students to choose Agriculture as a Career Option. There are initial hiccups in agriculture business also like other businesses but we should learn from those problems and not let us down, work consistently for success.

By citing examples of farmers of the region like Shri. Rajesh Gaidhani, Shri. Pawan Katankar, Shri. Naresh Dhok and Shri. Kawduji Shantalwar, Shri. Kadam drove home the need to change the mindset, cropping pattern and developing marketing strategies to be a successful Agripreneur. He apprised the students that some of the big corporate houses have lined up huge investment in the agriculture sector.

As a multi-billion-dollar industry, it's shocking to know that most youngster of

the region are unaware of the incredible opportunities the agriculture sector has to offer. The intervention of technology has been a real game-changer in the sector, he added. The agriculture sector not only provides opportunities for self-employment but also the chance to really have an impact on your community.

Shri. Sandeep Kadam took the students through the journey of Sahyadri Farms, a Farmer Producer Company (FPC) from Nashik started by Vilas Shinde, Bhandara, he remarked, has a huge potential for Agripreneurship and Agrotourism.

Bhandara Sub-Divisional Agriculture Officer, Shri. Milind Lad, apprised the students that Bhandara district falls under Assured Rainfall Zone, there is huge potential in Bhandara for Agro based start-ups and Sakoli Sub-Divisional Agriculture Officer, Shri. Padmakar Gidmare, informed the students about the difference schemes, sub-sidies and the hand-holding provided by the Department to agrobased start-ups.

Dr. Wanjari and Dr. Gunwant Bhadke from the Department of Animal Husbandry and Dairy Science were prominently present on the occasion.

In all 240 students were benefitted. The programme was conducted under the guidance of Principal Dr. Vikas Dhomne. Internal Quality Assurance Cell (IQAC), Co-ordinator Dr. Karthik Panicker presented introductory remarks. Dr. Ajay Ghatole and Shri. Yashpal Rathod conducted the proceedings, while Dr. Aparna Yadav proposed a vote of thanks. Dr. Shyam Dafare, Dr. Padmavathi Rao, Dr. Prashant Manusmare, Dr. Anand Muley, Dr. G. B. Think of agriculture as career option: Kadam

BHANDARA, Mar 17

A ONE-Day training programme on 'Agripreneurship' (Agriculture Entrepreneurship) was organised here jointly by Gondia Education Society's J M Patel College and Sub-Divisional Agriculture Office, Bhandara. The programme was conducted under the initiative of Internal Quality Assurance Cell (IQAC), Innovation & Incubation Cell and DHI Star College Scheme.

Inaugurating the programme, Sandeep Kadam, District Collector, Bhandara, apprised the students how the start-ups created by youngsters around the world have impacted our daily transactions. He exhorted the students to think of agriculture as an important career option. By citing examples of farmers of the region like Rajesh Gaidhani, Pawan Katankar, Naresh Dhok, Pawan Katankar and Kaudhji Shantawat, Kadam drove home the need to change the mindset, changing pattern and develop

Even small ideas and innovations are changing the world constantly, peoples are coming up with the new innovations to protect themselves, but if the new ideas are not properly documented and registered, some may come with his ideas and make a business out of it. He deeply focused on patenting and motivate upcoming generation for innovative work, so we get a greater number of patents.

Hon'ble Joint Director, Higher Education, Nagpur Region, Nagpur, Dr. Maheshkumar Salunkhe, inaugurator of the National Workshop enlightened about, Innovation is nothing but a successful exploitation of new ideas for the benefit of the society. This is the key indicator of Criteria: 3 (Research Innovation and Extension).

Whole purpose of adding this metrics by NAAC, to ignite minds of the teachers and students to think different in the terms of innovations, this is certain ecosystem it is to build and maintained in the institution. If 5% of the institution will start thinking in this direction, miracles may happen in our country in terms of various issues in the society.

THEME AND EXPECTED OUTCOMES OF THE WORKSHOP

"The real source of wealth and capital in this new era is not material things...it is the human mind, the human imagination, and our faith in the future."

— Steve Forbes

We all know that in the 21st century, the cornerstones of the economy would be ideas, innovation and social empowerment that would drive the engine of growth and steer the country towards prosperity. This makes the theme of the workshop, "Innovation, Social Entrepreneurship and IPR" more relevant today than it ever was before. The government has also introduced a number of reforms to fan the spirit of enterprise of the Indian youth and now the onus lies on Higher Education Institutions (HEIs) to provide a platform for the entrepreneurial aspirations of the young minds of the country. Learning cannot be divorced from innovation and we cannot expect to produce different results if we continue to do what we did yesterday. A paradigm shift is required in the field of higher education where the focus should be on producing more job creators rather than just job seekers, more leaders rather than mere followers. As is often said, in order to be a part of the solution, one should also be able to engage with the problems and address them. We cannot turn a blind eye to the fact that despite the demographic dividend that India enjoys, the vast potential of our youth's entrepreneurial spirit and innovative fervor still remains untapped.

If the arena of innovation still remains barren in India, it's not due to dearth of ideas but due to the fact that the research culture and innovation ecosystem in our Institutions still leave a lot of room for improvement. Even if a student has an idea with him, he doesn't get the required guidance, support and mentorship from his teachers to convert his idea into a business proposition. This is because the teacher is as uninitiated and clueless as the student about the strategies and the business design required to take the idea forward and convert it into a "manufacturable and marketable form". Thus, Many a brilliant idea with a potential to change our lives could never see the light of day. Who knows how many Steve Jobs and Bill Gates we could have produced if the idea could have been taken to its logical end? If we look around us, we can see how small ideas have changed the way we travel, the way we shop, the way we order food, the way we get our medicines etc. Many of these ideas have given rise to social enterprises which have touched the lives of our rural folk. The future eventually belongs to those who hold control over Intellectual Property. In an attempt to give a proper platform to the ideas of the young minds of the Region, Raman Science Centre, Nagpur, Vigyan Bharati, and Vidarbha Industries Association (VIA) have started the project Nutan Avishkar Vihar in Nagpur (NAVIN). Happy to share with you that some ideas of the students of the region are being funded and incubated by NAVIN. Hopefully, some of these end processes and products will also get patented and converted into start-ups.

Winston Churchill once said, "Never let a good crisis go to waste". We can see the dark clouds looming in these unprecedented times but the only way to make the best use of the silver that lines these clouds is through the power of innovation. This National Workshop (WEBINAR) aims at addressing some of these issues, and especially the important role the Teachers can play in mentoring and encouraging our students.

We hope that this small initiative from us will trigger someone's imagination culminating it into a very constructive contribution to our society at large. As Steve Jobs so aptly puts it, "Innovation has nothing to do with how many R&D dollars you have...it's about the people you have, how you're led and how much you get it."

Who Should Attend?

Principals, Faculty Members, Innovators, Researchers, budding entrepreneurs and Interested students.
