TEACHERS' FEEDBACK
ON THE CURRICULUM, TEACHING-LEARNING AND
EVALUATION
FEEDBACK & ANALYSES
Session 2023-24

Teachers' feedback is an important parameter to fathom the quality and scope of improvement in the curriculum, teaching-learning process and evaluation. Feedback received from the teachers helps in updating the curriculum and syllabus. As the curriculum and syllabus are designed by the respective Board of Studies of the Rashtrasant Tukdoji Maharaj Nagpur University, there is very limited scope of amendment for the teacher. Since, some Teachers are Members of the Board of Studies (BoS), they are able to convey the views of their colleagues to the BoS, and thus influence the curriculum design and syllabus for the betterment of the student community.

Analysis of the Survey

Online students' Teachers' Feedback' was circulated towards the end of the academic session for feedback from the full-time teachers the college. 53 teachers registered their responses.

The survey concentrated on curriculum, teaching-learning and evaluation. It comprised of 15 multiple choice questions and one open ended question. A link was provided to the teachers on the Official WhatsApp Group as well.

The feedback received from the students was placed before the IQAC. The Members of the College Development Council were also apprised about the survey by the IQAC Co-ordinator. The measures suggested by both the bodies were taken note of.

A Report on

ONE DAY ONLINE SEMINAR
On
INTELLECTUAL PROPERTY & COPYRIGHT

Date: 07th May 2024

.....

One Day Online Seminar on 'Intellectual Property and Copyrights' was jointly organised by IQACs & Innovation and Incubation Cells (IIC) of Gondia Education Society's - J. M. Patel Arts, Commerce & Science College, Bhandara, Dharampeth Education Society's - Dharampeth M. P. Deo Memorial Science College Nagpur and Satimata Shikshan Sanstha's - Dr. M. K. Umathe College, Nagpur on Tuesday, 07th May 2024 at 12.00 pm through Online Mode (Zoom app).

In his welcoming speech, Dr. Vikas Dhomne, Principal of J. M. Patel Arts, Commerce & Science College, Bhandara, spoke extensively on patenting and inspired the generation to work creatively so that we would receive more patents. He went into further detail on the significant contributions made by several western colleges to their respective nations' economies. He explained the term "intellectual property rights" generally refers to the transfer of property rights via trademarks, patents, and copyrights. For a predetermined amount of time, the holder of these property rights is granted exclusive use of the object.

Resource Person Dr. Bharat Suryavanshi, Assistant Controller of Patents & Design, RGNIPM, Nagpur Focused on 'Understanding Intellectual Property and Copyrights'. He enlightened the participants about Intellectual property is a category of property that includes intangible creations of the human intellect, and primarily encompasses copyrights, patents, and trademarks.

It also includes other types of rights, such as trade secrets, publicity rights, moral rights, and rights against unfair competition. Artistic works like music and literature, as well as some discoveries, inventions, words, phrases, symbols, and designs can all be protected as intellectual property. He emphasized on training on IPR is to be given in form of short- term courses at college level.

Dr. Aparna Yadav, Coordinator, Innovation and Incubation Cell (IIC) conducted the proceedings. Dr. Karthik Panicker, IQAC-Coordinator, J. M. Patel Arts, Commerce & Science College, Bhandara, proposed vote of thanks.

In all 163 participants were benefitted. IQACs Coordinators and Innovation and Incubation Cells Coordinators of all the Colleges work hard for the success of the Seminar.

Theme

The SWAYAM and MOOC Platform was developed indigenously by the All India Council for Technical Education (AICTE) in 2016. The aim of introduction of these platforms is to facilitate the hosting of online learning courses. These courses have to be designed by taking into account the convenience and academic interests of the learners who can gain access from any place and time according to their choice. The SWAYAM initiative was launched by the then Ministry of Human Resource Development (M.H.R.D.) (now Ministry of Education), Government of India under Digital India. The purpose is to make available a free platform for need-based courses. The National Education Policy 2020 aims to lay emphasis on online skill based courses which will contribute in enhancing the employability skills of the students across the nation. In many Higher Educational Institutions it has been witnessed that the teachers are desirous to design such courses which can be made available on SWAYAM and MOOC but proper guidance and directions regarding steps to be followed are lacking. With this objective in mind the workshop has been organized.

A Report
on
“One Day Workshop Workshop for Principals & Teachers of Bhandara District”

organised jointly with
Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur

Date: Friday, 28th July 2023

A one-day workshop on the National Education Policy 2020 (NEP-2020) for Principals and Teachers of Bhandara and Gondia districts was organised by Rashtrasant Tukadoji Maharaj Nagpur University in association with J. M. Patel College here on 28th July 2023. The workshop was organised as a part of the National Education Policy (NEP) Awareness week which is being observed to mark the third anniversary of the adoption of the NEP.

Delivering the introductory remarks, Principal Dr. Vikas Dhomne highlighted some of the important provisions of the new National Education Policy. It was after a long gap of over three decades that the country got an education policy. It makes a major shift from rote learning to making the knowledge acquisition process enjoyable. It also aims to reduce the gap between education and employability. Dr. Dhomne added that the new education policy is aligned to the aspirations of today's youth and the nation's target of achieving the five trillion economy.

Speaking on the occasion, Dr. Shamrao Koretti, Dean, Faculty of Humanities, hailed the new education policy as an attempt to decolonising the education system in India. The NEP-2020 aims to dismantle the water-tight compartments in the existing education landscape. The new education policy, Dr. Koretti said, gives a major push to the academia and society connect, and the academia and industry connect.

Guiding the principals and faculty members, Pro VC Dr. Sanjay Dudhe said that the most important aspect of the NEP-2020 is that it provides an opportunity to the students to complete their higher education through mother-tongue. Another important feature is the integration of Indian Knowledge System and ethics. In addition to this, it provides the educational institutions opportunities to collaborate with other institutions and design their own courses as per the needs of the local community.

The workshop was attended by students and parents also. The programme was compered by IQAC Co-ordinator Dr. Karthik Panicker. Dr. Padmavathi Rao, Shri Prashant Waldeo, Dr. Romi Bisht, Dr. Umesh Bansod, Dr. Sangita Katre, Dr. Prashant Manusmare, Dr. Pratap Patle and IQAC members worked hard for the success of the workshop.
