Date: 18.10.2023

As a part of Tata STRIVE – Google Career Certificate Scholarship Program, J. M. Patel College, Bhandara conducted the “Orientation Program” for the students who had registered for the program on 18th October 2023. The program resource person was Tata STRIVE's Senior Relationship Executive, Priyanka Shinde. IQAC Coordinator, Dr. Karthik Panicker, and the Program Coordinator, Dr. Pankaj Gour were on the dais.

During the orientation session Priyanka Shinde provided information about the courses through a presentation as well as answered questions from students about enrolling in courses and using the Coursera online platform. Students were encouraged to finish their courses within the allotted time by IQAC Coordinator, Dr. Karthik Panicker, who expressed gratitude for their enrollment.

Google has partnered with Tata STRIVE to provide scholarships for the Google Career Certificate Program. Eight certificate courses were offered by google related to data analytics, cyber security, business intelligence and digital marketing. The courses were online and can be studied on Coursera platform.

A vote of thanks was proposed by Dr. Pankaj Gour and Dr. Jayalaxmi Patil compared the program. In order to ensure that the program runs smoothly, Dr. Ajay Ghatole, Dr. Sunil Zanje, Dr. Girdharilal Tiwari, Ms. Vashali Lonkar, and Dr. Bhavana Rai put out a lot of effort.

In all, 456 students were registered for various courses under the Tata STRIVE - Google Career Certificate Scholarship Program.

Google IT Automation with Python

This six-course certificate, developed by Google, is designed to provide IT professionals with in-demand skills -- including Python, Git, and IT automation -- that can help them advance their careers. The hands-on curriculum is designed to teach learners how to write code in Python, with a special focus on how this applies to automating tasks in the world of IT support and systems administration. Those who received this certificate passed all graded assessments with a score of 80% of above. They should have a strong foundation in how to use Git and GitHub, troubleshoot and debug complex problems, and apply automation at scale by using configuration management and the Cloud in order to prepare them for more advanced IT Support Specialist or Junior Systems Administrator positions.

Good work by the clg

Yes . They Should take regular class and complete syllabus properly

Regularly take classes

Just fine

I'm very satisfied

I am support your college progrees

Very well

Should increase the interships

Student in job faci

Very bad teaching, they do not explain it well at all, neither the course is completed, nor take there proper classes, there are no classes I always have to come back home after going to college because Teachers never have come to take classes

Seating arrangement of boys near trees

Well done

Not any suggestion .

Seating arrangement in campus .

Need some improvement in teachers teaching skills and should take regular classes

Change the teacher staff

Needs to improve.

Need to focus on student's needs for growth. Needs which student's don't know about but teachers do.

Need of some practical knowledge for students

To develop the library organisation

STUDENTS' FEEDBACK
Feedback of Students'
on the Teaching-Learning Process and Infrastructure
FEEDBACK & ANALYSIS
Session 2023-24 (For UG & PG Students)

Feedback is the reflection of opinions and expectations of the stakeholders to improve and modify teaching learning process in the institution. The college offers an opportunity to its stakeholders to submit Online feedback on various curricular aspects and infrastructure. The feedback collected is analyzed transparently to better and upgrade teaching-learning process and infrastructure.

Analysis of the Survey

Online students' Satisfaction Survey was floated on 19th April 2024 at the end of the academic session for feedback from the enrolled students of the college. 1980 students registered their responses.

The survey was conducted for evaluating the Teaching and Learning Process and to know the students response about the infrastructure in the institution. It comprised of 20 questions. A link was provided to the students on their class wise WhatsApp groups to which the students provided their response.

The feedback received from the students was placed before the IQAC. The Members of the College Development Council were also apprised about the survey by the IQAC Co-ordinator. The measures suggested by both the bodies were taken note of.

TEACHERS' FEEDBACK
ON THE CURRICULUM, TEACHING-LEARNING AND
EVALUATION
FEEDBACK & ANALYSES
Session 2023-24

Teachers' feedback is an important parameter to fathom the quality and scope of improvement in the curriculum, teaching-learning process and evaluation. Feedback received from the teachers helps in updating the curriculum and syllabus. As the curriculum and syllabus are designed by the respective Board of Studies of the Rashtrasant Tukdoji Maharaj Nagpur University, there is very limited scope of amendment for the teacher. Since, some Teachers are Members of the Board of Studies (BoS), they are able to convey the views of their colleagues to the BoS, and thus influence the curriculum design and syllabus for the betterment of the student community.

Analysis of the Survey

Online students' Teachers' Feedback' was circulated towards the end of the academic session for feedback from the full-time teachers the college. 53 teachers registered their responses.

The survey concentrated on curriculum, teaching-learning and evaluation. It comprised of 15 multiple choice questions and one open ended question. A link was provided to the teachers on the Official WhatsApp Group as well.

The feedback received from the students was placed before the IQAC. The Members of the College Development Council were also apprised about the survey by the IQAC Co-ordinator. The measures suggested by both the bodies were taken note of.

Following are questions that were asked to the parents in the Online Feedback regarding the teaching-learning process.
